Mr. H. H. Darnelle, the District Assessor, has compiled from the several paragraphs of section 7 of the District appropriation law, approved July 1, an alphabetical list of the license rates as set down in that act.

The law as it reads is not very clear, and the arrangement of the several items in an alphabetical list for use in the Assessor's office and for the convenience of the Collector of Taxes and the Board of Commissioners was made necessary in the interests of ready reference. The list is arranged to show when the licenses are due and whether paid annually or by the day, week, or month.

MATTERS OF INTEREST IN DISTRICT AFFAIRS

The Auditor of the District has been directed by order of the Commissioners to prepare and submit to the Board before December 1 a report in detail of the expenditures from the appropriation for contingent expenses of the govern-ment of the District of Columbia, for the fiscal year ended June 30, 1902.

James T. Fink, engineer at the U Street pumping station, has been di-rected by the Commissioners to proceed to Detroit, Mich., to inspect certain ma-terial being manufactured there for the Water Department by the Michigan Brass and Iron Works.

Permits for erecting projections be-ond the building line have been issued to Gen. George H. Weeks, M. H. Mel-ne, Richard A. Harlow, Anna R. Shoemaker, George C. Johnson, and Randall Halsip.

Mr. Daniel W. O'Donoghue, of 408 Fifth Street northwest, recently re-quested permission of the District Com-missioners to be allowed to pay the taxes for the years 1884 to 1889, both inclusive, on part of lot 5, square 518, assessed to Samuel Eccleston, without penalties and interest, stating that said property was during those years occu-pied by the person of St. Mary's Church, and taxes were not paid by some misunderstanding on the part of the pastor of said church.

The Assessor, Mr. H. H. Darnelle, submitted the following report on the application, which has been approved by the Commissioners:

"The taxes for the above mentioned years are due on the 20 feet next south 50 feet of lot 5, square 518, standing in the name of Samuel Eccleston."

"The fact that the pastor of St. Mary's Church overlooked the taxes or had some misunderstanding on the subject, would hardly be sufficient ground for granting the request of Mr. O'Donoghue. It is ascertained, however, that in advertising this property for sale for the taxes of 1884 to 1889, both inclusive, that there was not given sufficient de-scription to identify the same, being described simply as part of lot 5 and im-provements, square 518, assessed to Samuel Eccleston, when it should have been the 20 feet next south 50 feet of lot 5, etc. The description for 1888 and 1889 was correct."

"It is therefore recommended that the general taxes for the years 1884 to 1887, both inclusive, against the 20 feet next south 50 feet of lot 5, square 518, be re-ceived on tender of the principal."

The District Commissioners today dis-posed of the case of Frank J. Cullen, of 931 F Street northwest, who several weeks ago requested permission to place a small show case for displaying photo-graphs at the hall entrance of the prem-ises named.

Major Sylvester, Superintendent of Po-lice, reported upon the application to the effect that no permit is needed for the display of goods within three feet of the building line on business streets or within four feet of the building line on residence streets in show cases or otherwise.

This information has now been trans-mitted to the lieutenant of the precinct. Today the Commissioners approved the report of Major Sylvester, and voted that Mr. Cullen be informed in accord-ance therewith.

Mr. Thomas J. Fisher, Inspector of Electric Lighting, recently called the at-tention of the District Commissioners to the need of an electric lamp at the northwest corner of Seventeenth Street and Pennsylvania Avenue northwest.

"The advent of the railroad through G Street," he says, "necessitates the switching of cars at this point, and with the erection of the new building at the southwest corner, this will become a very busy neighborhood, and should be well lighted. The existing arc lamp is located at the southeast corner. There will be no cost for the erection of the lamp."

The Commissioners have approved the report and recommendations of Mr. Fisher.

Among the features last night were The Times Newsboys Band, St. Paul's Church Choir, and the Armat moving pictures.

The entire proceeds of the event, will be turned into the building fund of Trinity Church, and will be used in the construction of a new parish hall and school house, on the site, just east of the church, persons. The present parish hall is wholly inadequate and will probably be demolished on the com-pletion of the new one.

Plans of the proposed building have been prepared and are on view on the campus.

After the installation of officers the semi-annual reports of the secretary, financial secretary, treasurer and trustee of the lodge were made.

Arrangements are now being made to present each of the thirteen past councilors with a silver emblem of the order.

LABOR OFFICERS TO SUCCEED THEMSELVES

Semi-Annual Election of Central Labor Union Last Night.

The semi-annual election of officers of the Central Labor Union held at Typographical Temple last night re-sulted in the re-election of the officers to succeed themselves with very few ex-ceptions.

Mr. John Hammerston was re-elected president, Mr. William Silver, vice president, and Mr. Charles W. Winslow secretary. Mr. J. A. Daly was elected to succeed Mr. W. A. Morrison as finan-cial secretary.

For eight years the treasurership has been filled by Mr. J. W. Helsley, and he was re-elected unanimously last night. Mr. Helsley is one of the best liked men of the organization, and one of its hardest workers.

Mr. Joseph Hough was selected to suc-ceed Mr. W. C. Dean as sergeant-at-arms. Mr. Dean declined the renomina-tion. Mr. Hough is a delegate from the Hoisting Engineers' Union.

The following delegates were elected to constitute an auditing committee: Mr. J. H. Babcock, of Columbia Typo-graphical Union; B. M. Wall, of the Bartenders' Union, and Moses Peyton, of the Hodcarriers' Assembly.

A resolution was adopted thanking President Roosevelt for his action in granting the employees of the Govern-ment Printing Office and the Navy Yard shorter working hours on Saturday.

A communication was read from Lodge No. 110, Norfolk Plumbers, informing the Central Labor Union that the members were looked out by the boss plumbers of that city. The letter requests aid from the Central Labor Union.

HIS BIER A FAVORITE CHAIR.

An Aged and Respected Negro Passes Quietly Away.

Alexander Raymond, colored, who died suddenly last evening about 7:30 o'clock at his home on the Mildford Road, Brightwood, in the seventy-sixth year of his age, had been in failing health for several months. Last night he ate a hearty supper and went out on the front porch of his house to rest. Drawing up a chair in his favorite position beside the rail he sank into it and without attracting the attention of those near at hand died. Several months later when he failed to respond to the salutation of a friend the truth was learned.

A certificate of death from natural causes was issued by Coroner Nevitt, after ascertaining the facts in the case. The funeral will probably take place tomorrow and will be attended by the members of several societies of which the deceased was a member. Raymond was an old resident of that section of the District, and his entire family were held in the highest esteem by his friends and neighbors. All of his children are grown and are employed in this city.

DETAILED REPORT OF FIRE MARSHAL

Number of Alarms and the Amount of Losses.

Nearly 100 Calls in November, the Lar-gest Record—Total Losses \$130,925.

Mr. Sidney Bieber, the District Fire Marshal, has prepared and submitted to the Chief Engineer of the Fire Depart-ment a detailed report of the box alarms, the number of local alarms, and the fire losses for the fiscal year ended June 30. The report contains the follow-ing various items by months:

Box alarms for July, 1901, 38; August, 5; September, 24; October, 38; Novem-ber, 47; December, 43; January, 1902, 32; February, 41; March, 39; April, 42; May, 39; June, 31. Total, 451.

Local alarms for July, 1801, 22; Au-gust, 17; September, 18; October, 14; No-vember, 46; December, 32; January, 1902, 4; February, 32; March, 36; April, 38; May, 19; June, 21. Total, 320.

Fire loss for July, 1901, \$6,970; August, 1,785; September, \$1,808; October, \$16,570; November, \$17,808; December, \$6,140; January, 1902, \$16,495; February, \$13,148; March, \$7,487; April, \$41,759; May, \$6,539; June, \$4,430. Total, \$130,925.

DUVALL SAYS THIS TAX SALE WAS VALID

Mr. Swormstedt's Plea for Its Cancellation Not Upheld.

The Corporation Counsel, Mr. A. B. Duvall, handed to the District Commis-sioners his opinion upon the communica-tion of Mr. J. S. Swormstedt, requesting the cancellation of the tax sale of April, 1900, of part of lot 1, square 880. Mr. Duvall agrees with the reports of the special assessment clerk and the As-sessor that the property was correctly advertised, that the sale was valid, and that it should not be canceled.

"It appears," he says, "that said lot, then owned by Edward T. Forrester, was on June 23, 1897, assessed for sewer in 'K' Street, and said owner was duly no-tified thereof; thereafter said lot was purchased by and conveyed to Henry Eberbach, who was its owner when the property was advertised for sale April, 1900, on account of default in the pay-ment of said assessment for sewer."

"The property was advertised for sale in the name of Edward T. Forrester, and sold to C. H. Wilcox. It is claimed that the property was improperly advertised for sale; that it should have been advertised in the name of Henry Eberbach and not in the name of Edward T. Forrester."

"I am of the opinion that said lot was properly advertised in the name of the person who was the owner at the time of the assessment and that the said sale was made according to law, and, there-fore, should not be canceled."

BODY OF MISS RITCHIE GIVEN TO HER BROTHER

Remains of Suicide to Be Privately Interred.

News of the untimely end of Miss Rhoda S. Ritchie, who committed suicide last night by hanging herself with her belt at the Government Hospital for the Insane, of which she was an inmate, was received with deep sorrow this morning by her many friends. The body has been taken charge of by her brother and will be privately interred.

Miss Ritchie was admitted to the in-stitution as a District patient April 29 last. She had been suffering with acute melancholia which had yielded in the most satisfactory manner to the treat-ment of the physicians. Last night she was apparently in good spirits when seen as late as 8:50 o'clock by the at-tendants. Fifteen minutes later when the nurse was again making the round of the rooms, she found Miss Ritchie hanging from the iron window grating. She had jumped from the window will after tying the belt about her neck and then to the grating.

Physicians were summoned, the body having been immediately cut down, but they were unable to revive the unfor-tunate woman. Coroner Nevitt was noti-fied and gave a certificate of death by suicide.
